FAQ

How can I categorize my expenses?	▾
You can categorize your expenses by going to the "Expense Categories" section. In this section, you can create new categories by providing a name. These categories will help you organize your expenses and provide more detailed analytics.	
What information is displayed on the Dashboard?	▾
How do I add a new transaction?	▾
Can I edit or delete previously added transactions?	▾
How do I add my account details?	▾
How do I handle multiple accounts within the application?	▾
Is there a way to import/export my transaction data for backup or analysis in other tools?	▾
Can I customize the analytics charts to focus on specific expense categories or time periods?	▾
How does the app ensure the security and privacy of my financial data?	▾
Can I sync my transaction data across multiple devices?	▾
